

■ Stage and Indoor Series

Description

It's the first time Color Imagination launching LED PAR 56. This item is very popular in market which is also one of the best selling products in CI. Purchasers would have many choices from us due to the actual requirements for their live show and venues. It is customized for colors. Because of the CI's efficient heat sink capability, CI introduces both 1W and 3W versions for the market in one time. For more information, please just click on this item.
