

■ Wall Washer Series

Description

Color Imagination recently did a distinguished improvement on the mechanical feature of this outstanding wall washer by bringing the user with horizontal angle adjustable. It makes your applications much more flexible. It still features 75, 1W or 3W LED units integrated by CI's LED RGB technology with 256 degree gray scale function. You can reach synchronous effect through the intelligent controller or DMX controller. WP-016 also features digital IP address together with built-in fixed program for synchronization and self-link...
